LET ME TELL YOU ABOUT THE HISTORY MAKER PRIVATE MENTORING PROGRAM

This is best for people who feel called to impact more people and are

- Service Providers Who Want To Get Clients Online or build out a group program
- Writers
- Musicians
- Artists
- eCommerce store owners
- Starting/Growing a ministry using social media

It is a 6 month mentorship and it starts with a 3 hour session where we map out a marketing plan for our time together as well as handle any immediate limiting Beliefs that may come up.

You and I will have 18 private coaching sessions, over skype or the phone or in person, if I happen to be around you – These will usually last about half an hour at a time, sometimes more, sometimes less all dependent on what needs to come through during the call. This is a very focused time.

These sessions will be transformational – You will deal with any internal blocks and get unchained from the past so that you can see straight to do what it takes to accelerate the growth of your business and income.

You will also have practical commitments to take after each session.

I coach on Wednesday and Thursday at a variety of times.

I will send you a diary to book something in.

While having these transformational sessions, you will also be going through the following 7 programs

- 1) **BRAIN TRAINING** – Think Rich, ACT Rich, GET Rich – This is a critical program to get your mind in the right place to succeed. You will learn how to journal for results with 5 prompts each week for 8 weeks. By the end of it, you will have a strong mind
- 2) **SPIRIT SEX SUCCESS** – This 4 week program will help you rethink your spirituality, sexuality and your story as well as put the ground work for a powerful promotion strategy in place to help you show up in the marketplace as a powerful, charismatic leader that everyone wants to buy from
- 3) **PASSION INTO PROFITS** – This will show you how to take what is in your mind and turn it into \$300 a day. 4 modules of powerful strategy, indepth training to help you move forward
- 4) **ROCK SOLID SELF BELIEF** – A 30 day audio program to help you become the confident mofo you know you are born to be ad even if you are currently confident, this daily audio will shift you to a whole other level

- 5) **CONFIDENT CREATIVE MONEY MAKER** – Another 30 day program design to uplevel your confidence and creativity by using the powers that are yours by birth.

- 6) **DM PLATINUM 4 WEEK HIGH LEVEL STRATEGY PROGRAM** – This goes into massive detail around building a successful and profitable business.

- 7) **SPIRITUAL ENTREPRENEUR** – Handle the spiritual blind spots you have and show up in the marketplace as the powerful leader you are born to be

These 7 programs will give you a lot to work on in between our sessions and then we can get specific about you and your business when we jump on the phone.

Also, you get **unlimited access to me over email** and messenger – make sure you take advantage of this. I know you are a powerful person but it will be silly to have access to me and then not use it because you think it would be weak to ask questions. I make this available because you will need it at times, especially when we have a particularly deep session or simply to get help with some tech stuff or something.

You will also get access to the Deliberate Millionaire Fast Track Club for the whole 6 month period.

I guarantee to make anything available to you that will help you including any of my other programs...

This is not a cheap investment and I understand that you may feel financially constrained at the moment. I have always been financially constrained when I started working

with a coach so I know that if this is a real fit, then you will find a way. However, this is not for anyone who is struggling to feed themselves or their children or anything like that. There are no such things as quick fixes and yes your transformation may be instant but it, more than likely, will happen over a period of time as you make the internal shifts that enable you take the external action. And this is why this program is 6 months, not 60 days or something. Please do not apply for a spot, if you are too desperate to think straight. A job may be better to calm things down and then we can talk about next steps.

WHAT HAPPENS NEXT

Private message me to continue the conversation around whether this is a fit for you and to ask for the cost (I always offer a 12 hour fast action taker DEEP discount which is why I do not include the price in this so that you have time to decide whether you are interested before you ask for the price).

And just in case, there is any doubt, let me spell it out even more below, you can expect...

Your income to increase massively - It is time to accept that you are only allowing a small amount of wealth through. Yes, you are already successful and comfortable but you are too attached to this level of comfort. Time to break free of this so that you can step into the more. No, you don't know when or how it will all work, but it will work if you set your mind to be all you are born to be and I will be with you every scary step of the way

To be free of crazy relationships that keep you stuck in place - You are holding on to relationships right now that keep you safe and small. You already know it but you have confused a healthy sense of self-preservation with being selfish and so you allow people to speak into your life that really should not be. Work with me to see more clearly what truth you are denying about your current relationships. Everything may change or nothing may change but be open to growth.

To be free of religious nonsense that stops you doing what you need to do to get abundant results - Some of the religious beliefs you have in your brain are nonsensical and you kinda know it but it scares you to face them. Work with me to confidentially work out the kinks in your belief system, no judgement, no telling you what to think, I simply create space for you to step into your chosen, most empowering beliefs rather than just going along with the

party line. You then choose how you want your chosen beliefs to play out. Again, nothing may change or everything may change. You just need to get clear on what you believe without judgement so that your inner guilt and fears are not clouding your judgement.

Incredible connection to Your Higher Power - You long for a deep spiritual connection and your Higher power is really not the one in hiding. As you handle the stuff that clogs you up about what you think your Higher power thinks of you, you will find a refreshed, more connected relationship with Source that empowers rather than disempowers you.

A purpose-driven business that changes lives - Yes, I know that purpose is something you want your life to be built on. But you dither and procrastinate at the moment on playing full-out because you doubt that you can use your gifts, strengths, experiences to build a business that will provide you with the ability to change lives AND to make money. Work with me to figure it all out so that IT DOES!

A deep sense of wholeness and wellness inside, knowledge that you are on path - Inside of you is such a lack of clarity around what you are allowed or not allowed to do. So many rules and beliefs that keep you stuck. Work with me to get supremely clear that even on the uncertain

days, you are in exactly the right place for you. And also, lets take a look at your health and physical well-being too.

To be confident in making offers and asking people to pay you handsomely for what you choose to deliver to the world - Stop playing down your strengths and gifts by charging so little for your service, products, whatever. Learn how to make irresistible offers and begin now to handsomely charge for the good you put in the world. Work through the internal resistance and the fears that will rise as you step fully into your power.

To Know your unique gifts, talents, strengths and a battle plan to get them into the marketplace serving people and making you money - Get clear on what you have to offer the world, your purpose, your calling. Bring it all out as I create a safe space for you to explore what you really want and who you really are, away from all the boxes that loved ones may have placed you in. And then we will create marketing plans to truly use your strengths to serve while you promote what you have to offer. Marketing, sales are all forms of service, you know!

To feel certainty inside that you are on the right path and to show that in the marketplace so that others are able to trust you - People buy into confidence. They need to trust you which means you need to trust that you are

doing the very best you can in this moment. Work with me to remove the shadows that cause you to sound uncertain and unsure. Of course, your life is an ever-expanding gloriousness but for right now, in this moment, you can be certain that what you are doing is the best you can do **RIGHT NOW**.

To confidently shine your light - Yes, you are leader and as leader, you must shine your light and trust that you are enough for the work you are called to do and the people you are called to serve. Time to get over thinking it is humble to play small and time to see where you do it without even realising that you are. You can be assured that working with me will cause you to see your blind spots with incredible clarity and growth will follow.

To have more influence and impact than ever before so that you can actually help the people you are called to serve. - You are currently holding back. You see the big picture and it both attracts and repels you because you wonder if you are enough or if you have a right to think that or whatever your limiting belief of choice is! Work with me to shine a light on where you are holding back because of false beliefs and then in turn, show up in the marketplace, more powerfully than you have ever done before and actually **SERVE MORE** people who now can

trust you because you start to own who you are meant to be
- HISTORY MAKER, MAVERICK, LEADER!

To be a role model for your family and because you level up so much, you can be the source of change for your whole family! - Your fears that you will somehow lose your family or be less available to them are not true. Actually, it is as you own the fullness of yourself that you allow them to do the same. It is as you stop holding them responsible for you playing small then you release them to step their game up too. Work with me to be the family man, woman you are born to be.

To stop resisting money and the receipt of it! You will finally allow yourself to receive AND KEEP what is yours by birth - You may not be actively trying to pursue the accumulation of wealth just for selfish purposes but that does not mean that you should continue to repel it. Time to get free of the need for money so that it stops running from you like that date in your younger years - The one you scared away by your intense desire for him/her and also the game playing you partook in to pretend you did not want him/her. Money flows. Allow it to! You can have as much or as little as you desire but realise that you are able to do more good with more of it. Time to handle those money ideas that may not be serving you.

To stop self-sabotaging and to handle the impostor syndrome so that it stops getting in your path - Your feelings of being too small to play the big game, do you no favours. Time to notice where you are not showing up in your fullness because of the underlying belief that you are a fraud. This is a blind spot for lots of powerful people. Work with me to spot when you are doing this and to learn techniques to **SHOW UP!**

To have a social media and online marketing strategy that generates prospects and sales quickly - Yep, the practical stuff will also be covered in our work together. **ACTION plus CLARITY!**

Again, private message me to apply
